

Upstate New York

Gerald W. Sarama

Upstate New York

Gerry Sarama has been around the sport his entire life as his father owned and raced horses. He started driving at an early age and quickly found himself at the top of the driver colony at Batavia Downs and Buffalo Raceway and was a perennial driving leader on that circuit.

Although he made a move to Roosevelt Raceway for a while and competed with the best in the nation, he eventually found his way back to his roots in Western New York. But the one constant of Sarama's career, regardless of what track he was competing at, was that he always was a highly sought after catch driver. Some of his most memorable horses were Jambo Bea, Free Chase, and his personal favorite, Cambiance.

In his driving career, he amassed 2,630 wins and bankrolled \$11.5 million.

Gerry has turned his attention to training full time in recent years and has found as much success there as he did as a driver. He currently overseas about 19 horses and in the past three years his stable has won in excess of \$700,000.
